Saturday, December 14, Wreaths Across America Day 9am to 12pm, Bakersfield National Cemetery

Donations still needed.

BAKERSFIELD, Calif. (KGET) — Wreaths Across America in Bakersfield says they have nearly reached their goal of putting a wreath at every veteran's gravesite this year and they could use your help to reach 100%.

In addition to Bakersfield, the organization aims to lay Christmas wreath on the grave of every service member who served our country with honor at the more than 1,600 national cemeteries across the country.

Locally, the chapter of the Civil Air Patrol is coordinating with Wreaths Across America for the Bakersfield National Cemetery. So far, they have over 5,100 wreath sponsorships and need less than 100 for their goal.

You can purchase a \$15 wreath online by going to their website [at this link](#)

The Democratic presidential contest in California remains extremely fluid — but not enough, at least so far, to provide an opening for Michael Bloomberg, who entered the race two weeks ago and was banking on winning big in the delegate-rich state, a new poll for the Los Angeles Times has found.

The survey by the UC Berkeley Institute of Governmental Studies found that both Sen. Elizabeth Warren of Massachusetts — the commanding [front-runner in a September California poll](#) — and former Vice President Joe Biden have lost ground among the state's likely Democratic primary voters over the last two months.

That erosion has benefited Sen. Bernie Sanders of Vermont, who narrowly tops the primary field, and Mayor Pete Buttigieg of South Bend, Ind., who doubled his support since the September poll.

With less than two months before voting starts in Iowa's Democratic caucuses and three months before California's March 3 primary, "the race is really unusually fluid," said Mark DiCamillo, director of the Berkeley IGS poll of voters likely to go to the polls in the Democratic primary.

"Voters are struggling and not sticking with their candidates," he said. "They are moving around from candidate to candidate."
